

Where 2 Garmin Satellite Navigation System

There's nothing worse than spending a lot of money on your holiday only to waste time trying to find your accommodation theme parks or maybe where you dropped the wife off shopping.

At Affordable Car Hire we have teamed up with Budget Rent A Car and Garmin to bring you one of the most advanced satellite navigation systems on the market, the Garmin C550.

The unit not only comes with an abundance of features but also with a simple and easy to use menu. Here are just some of the features available on the unit.

Touch screen, dynamic routing with live traffic updates, 3D map, simple user interface, 36 spoken languages, 20 text languages, text to speech capabilities, bluetooth hands free, ipod interface 3.5 inch QVQA tft screen, plus many more.

The Where 2 kit comprises of : Where 2 unit, cigarette lighter adaptor, quick start guide, user guide, window suction cup.

To view the unit's full specifications please go to www.garmin.com/products/sp550/

**£41
PER WEEK**

Terms and conditions

The Garmin Unit will be provided to you at the Budget rental desk where you will be asked to leave a deposit of \$799 to cover any damages or loss of the unit. Upon returning the unit this amount will be credited back to you. Minimum rental period of 7 days.

In the event you have booked a one way vehicle there may be a one way drop off charge for your Garmin Unit separate from any charges for your car hire. This is normally \$250. All deposits and one way charges are payable locally.
